

Dear Friend of Community Action Partnership,

I hope you are doing well and staying cool this summer!

Every three years, Community Action Partnership (CAP) conducts a Community Needs Assessment. The intent of this assessment is to gather important feedback and data about the most pressing needs in your community. This year, we are particularly interested in understanding how key challenges faced by under-resourced community members directly impact your own organization or company. Our goal with this survey/focus group is to be able to partner with you in creating strategic solutions to engage those challenges.

We greatly appreciate your insight.

Blessings,

Kimberly Spencer (she/her)
